Get your child to draw a picture or write message that you would like to appear on jewellery on A4 paper. Simple black and white line drawings give the best results. We would advise against drawings with too much detail or colour.

If you wish to use a previously produced drawing (eg. one that an older child may have done some years ago at pre-school etc.) please provide a black and white photocopy.

Choose your item of jewellery and preferred shape. Then send the drawing/photocopy along with a completed order form and full payment (including postage) to the following address.
