We will send you a kit consisting of an inkless wipe, a sheet of sensitised paper and full instructions. This will enable you to take a perfect print of your pet's pawprint. They are safe, easy to use and mess free! Please contact us to request.

Alternatively, you can take a print of your pet's paw by dipping in non-toxic poster paint (black works best) and then pressing paw down on a piece of white paper.

Then send the print along with a completed order form shown below and full payment (including postage) to the following address.
